

END USER LICENSE AGREEMENT

RigRunner and UMC OS

Last updated: May 27, 2026

This End User License Agreement (the “Agreement”) is a legal agreement between ePIC Blockchain Technologies, Inc, an Ontario corporation with its principal place of business in Toronto, Ontario (“ePIC,” “we,” “us,” or “our”), and the individual or entity accessing, downloading, installing, flashing, activating, or using RigRunner, UMC OS, or any related software, firmware, documentation, dashboard, tools, updates, or services (“Customer,” “you,” or “your”).

By downloading, installing, flashing, activating, accessing, or using the Products, you agree to be bound by this Agreement. If you are accepting this Agreement on behalf of an organization, you represent that you have authority to bind that organization.

If you do not agree to this Agreement, do not install, flash, access, or use the Products.

Specific Hardware Risk Acknowledgement

By installing, flashing, activating, or using UMC OS or RigRunner, you acknowledge that third-party firmware, fleet-management software, and mining optimization software may affect Hardware behaviour and may void, limit, or impair manufacturer warranties, service rights, insurance coverage, hosting arrangements, or third-party support rights.

You further acknowledge that overclocking, aggressive tuning, improper configuration, inadequate cooling, unstable power, unsupported Hardware, or operation outside applicable Operating Conditions may cause Hardware damage, reduced Hardware lifespan, instability, downtime, facility issues, fire or electrical risk, warranty denial, or other losses. You agree that ePIC is not responsible for such losses where they arise from Misuse, unsupported configurations, or operation outside applicable Operating Conditions.

1. Definitions

1.1 “Products” means RigRunner, UMC OS, and any related software, firmware, dashboards, web interfaces, APIs, installation tools, configuration files, updates, patches, documentation, license keys, activation systems, and related services provided by ePIC.

1.2 “RigRunner” means ePIC’s software platform, dashboard, deployment tool, monitoring system, and management layer used to install, deploy, configure, monitor, update, troubleshoot, and support mining hardware and mining firmware. RigRunner may interact with mining machines, firmware images, license systems, APIs, pools, device settings, operational data, and related fleet-management infrastructure.

1.3 “UMC OS” means ePIC’s firmware and related software stack for supported cryptocurrency mining hardware, including mining control software, tuning logic, optimization tools, thermal-management functions, voltage and frequency controls, fan controls, hashrate and power-management functions, user interfaces, configuration files, updates, patches, documentation, and other related components made available by ePIC. UMC OS may allow users to modify or influence Hardware operating parameters, and such use remains subject to the Hardware manufacturer’s specifications, ePIC’s compatibility requirements, and applicable Operating Conditions.

1.4 “Hardware” means any mining machine, ASIC miner, control board, hashboard, power supply unit, fan, sensor, cable, rack, cooling system, immersion system, hydro system, facility infrastructure, or other equipment used with the Products.

1.5 “Operating Conditions” means the manufacturer’s published operating specifications for the Hardware, ePIC’s published compatibility requirements, the facility’s safe operating limits, electrical limits, thermal limits, environmental limits, and any configuration parameters communicated by ePIC.

1.6 “Misuse” includes, without limitation, overclocking, undercooling, disabling or bypassing thermal protections, modifying voltage or frequency settings outside safe limits, operating Hardware outside its Operating Conditions, using unsupported Hardware, improper flashing, improper installation, poor maintenance, inadequate cooling, unstable electrical supply, use of damaged components, use in a non-compliant facility, or any unauthorized modification of the Products.

2. License Grant

2.1 Subject to this Agreement and payment of all applicable fees, ePIC grants you a limited, non-exclusive, non-transferable, non-sublicensable, revocable license to use the Products solely for your internal business purposes and solely on Hardware that is owned, leased, or lawfully controlled by you.

2.2 This Agreement does not transfer ownership of the Products to you. The Products are licensed, not sold.

3. Product Scope and Compatibility

3.1 The Products are intended for use only with supported Hardware models, configurations, firmware versions, control boards, and deployment environments identified by ePIC from time to time.

3.2 You are solely responsible for confirming that your Hardware, facility, power infrastructure, cooling infrastructure, network environment, and operational practices are suitable for use with the Products.

3.3 ePIC does not guarantee that the Products will be compatible with all mining machines, firmware versions, pools, control boards, hashboards, facility environments, third-party monitoring systems, or third-party software.

3.4 Unless expressly confirmed by ePIC in writing, the Products are not approved for unsupported Hardware, unsupported cooling conversions, damaged machines, modified machines, counterfeit components, improperly repaired units, or machines operating outside their manufacturer's specifications.

4. User Responsibilities

You are solely responsible for:

- a. installing, flashing, configuring, operating, and monitoring the Products safely and correctly;
- b. ensuring the Products are used only by qualified personnel;
- c. maintaining adequate power delivery, grounding, cooling, ventilation, fire protection, and facility controls;
- d. monitoring Hardware after installation, tuning, firmware updates, and configuration changes;
- e. maintaining backups of original firmware, configuration files, pool settings, wallet addresses, and operational data;
- f. ensuring your use complies with applicable laws, regulations, pool terms, facility rules, hosting agreements, and manufacturer requirements;
- g. ensuring that all Hardware remains within safe thermal, electrical, mechanical, and environmental limits; and
- h. obtaining all permissions required to install or use the Products on the relevant Hardware.

5. Overclocking, Tuning, and Out-of-Spec Operation

5.1 You acknowledge that UMC OS and related tuning functionality may allow you to modify or influence Hardware performance, including hashrate, voltage, frequency, power draw, fan behaviour, thermal controls, mining profiles, and other operating parameters.

5.2 You understand that increasing hashrate, overclocking, undervolting, changing power limits, modifying thermal thresholds, disabling safeguards, or operating Hardware outside its Operating Conditions may increase the risk of instability, accelerated component wear, hashboard failure, PSU failure, fan failure, data corruption, downtime, overheating, physical damage, facility damage, or voided manufacturer warranties.

5.3 ePIC is not responsible for any damage, loss, failure, instability, reduced lifespan, warranty voidance, rejected warranty claim, facility issue, mining loss, data loss, or third-party claim arising from or related to:

- a. overclocking or aggressive tuning;
- b. operation outside manufacturer specifications or ePIC-recommended limits;
- c. unsupported Hardware or unsupported configurations;
- d. improper installation, flashing, configuration, monitoring, or maintenance;
- e. inadequate cooling, ventilation, power quality, grounding, cabling, or facility conditions;
- f. disabling, bypassing, or ignoring warnings, limits, failsafes, thermal protections, or safety recommendations;
- g. use of damaged, repaired, modified, counterfeit, or degraded Hardware;
- h. use in immersion, hydro, or modified cooling environments unless expressly supported by ePIC in writing; or
- i. any other Misuse of the Products or Hardware.

5.4 You are solely responsible for determining whether use of the Products may affect, void, limit, or impair any manufacturer warranty, hosting agreement, insurance coverage, service agreement, equipment financing agreement, or third-party support arrangement.

6. No Manufacturer Affiliation or Warranty Preservation

6.1 Unless expressly stated in writing by ePIC, the Products are not manufactured, endorsed, certified, approved, or warranted by any third-party Hardware manufacturer.

6.2 You acknowledge that installing third-party firmware or software may void, limit, or affect manufacturer warranties or support rights. ePIC does not represent or warrant that use of the Products will preserve any manufacturer warranty, service entitlement, repair right, hosting right, resale value, insurance coverage, or certification.

7. Fees, Dev Fees, and License Enforcement

7.1 Your right to use the Products may be subject to license fees, subscription fees, dev fees, service fees, activation fees, revenue-share fees, or other commercial terms set out in an order form, invoice, quote, dashboard, written agreement, or other commercial document accepted by you.

7.2 If the Products include a mining-based dev fee, you authorize ePIC and/or its designated mechanism to collect such dev fee through mining activity, pool-side allocation, software-level allocation, firmware-level allocation, license-server enforcement, or other mechanism disclosed by ePIC.

7.3 You shall not disable, bypass, interfere with, manipulate, obscure, reverse engineer, or avoid any license-management, attribution, activation, reporting, security, or dev-fee collection mechanism.

7.4 ePIC may suspend or terminate access to the Products for non-payment, license circumvention, unauthorized use, tampering, fraud, or breach of this Agreement.

8. Restrictions

You shall not, directly or indirectly:

- a. copy, modify, adapt, translate, or create derivative works of the Products except as expressly permitted by ePIC;
- b. reverse engineer, decompile, disassemble, extract source code from, or attempt to derive the underlying structure of the Products, except to the extent such restriction is prohibited by law;
- c. remove, alter, or obscure proprietary notices, license notices, attribution, security features, dev-fee mechanisms, telemetry mechanisms, or ePIC branding;
- d. sublicense, resell, rent, lease, lend, distribute, host, or commercially exploit the Products except as expressly authorized by ePIC in writing;
- e. use the Products to develop competing software, firmware, tuning logic, management tools, dashboards, or mining-optimization systems;
- f. use the Products on Hardware you do not own, lease, manage, or have authority to control;
- g. use the Products in violation of law, sanctions, export controls, pool terms, facility rules, or third-party agreements;
- h. upload, transmit, or introduce malware, malicious code, unauthorized scripts, or harmful instructions into the Products;
- i. interfere with ePIC's servers, licensing systems, support infrastructure, APIs, or monitoring systems; or
- j. use the Products in any manner that creates a safety risk, security risk, or operational risk.

9. Updates and Changes

9.1 ePIC may provide updates, patches, bug fixes, security updates, performance improvements, compatibility changes, feature changes, or new versions of the Products from time to time.

9.2 You acknowledge that updates may change functionality, compatibility, performance, interface design, tuning behaviour, dev-fee collection, reporting, or support requirements.

9.3 ePIC is not obligated to provide updates unless expressly agreed in writing. ePIC may discontinue, modify, or limit any feature or version of the Products, subject to any applicable written commercial agreement between the parties.

10. Data, Telemetry, and Remote Services

10.1 The Products may collect or process technical and operational data, including device identifiers, license information, firmware version, hashrate, temperature, fan speed, power-related data, pool configuration data, error logs, uptime, machine status, IP address, activation data, and diagnostic information.

10.2 ePIC may use this data to provide activation, licensing, support, troubleshooting, security, dev-fee collection, performance monitoring, product improvement, and compliance verification.

10.3 You are responsible for ensuring that you have all rights and consents required to provide operational data to ePIC, including where the Hardware is owned by, hosted for, or operated on behalf of a third party.

10.4 ePIC will handle personal information, if any, in accordance with applicable privacy law and ePIC's privacy policy.

10.5 You are responsible for securing your accounts, credentials, wallets, pool credentials, API keys, network access, and administrative users. ePIC is not responsible for unauthorized access caused by weak passwords, credential sharing, compromised accounts, insecure networks, or your failure to implement appropriate security controls.

11. Third-Party Components and Services

11.1 The Products may interact with or include third-party software, open-source software, mining pools, APIs, libraries, drivers, operating-system components, cloud services, or Hardware manufacturer components.

11.2 Your use of third-party components or services may be subject to separate third-party terms. ePIC is not responsible for third-party services, third-party pool performance, third-party software vulnerabilities, pool outages, pool fee changes, manufacturer actions, network difficulty changes, blockchain protocol changes, or third-party support decisions.

12. No Performance Guarantee

12.1 ePIC does not guarantee any specific hashrate, efficiency, uptime, power consumption, profitability, revenue, mining reward, pool payout, ROI, machine lifespan, repair outcome, or operational result.

12.2 Any performance data, benchmark, projection, estimate, or efficiency claim is provided for informational purposes only and may depend on Hardware quality, chip condition, environmental conditions, firmware version, power quality, cooling method, facility practices, pool configuration, ambient temperature, network difficulty, and other factors outside ePIC's control.

13. Disclaimer of Warranties

13.1 To the maximum extent permitted by law, the Products are provided "as is" and "as available," without warranties of any kind, whether express, implied, statutory, or otherwise.

13.2 Without limiting the foregoing, ePIC disclaims all warranties of merchantability, fitness for a particular purpose, title, non-infringement, compatibility, uninterrupted operation, error-free operation, profitability, Hardware safety, Hardware longevity, warranty preservation, and suitability for any specific mining environment.

13.3 Nothing in this Agreement excludes any warranty, condition, or right that cannot be excluded under applicable law.

14. Limitation of Liability

14.1 To the maximum extent permitted by law, ePIC shall not be liable for any indirect, incidental, special, consequential, exemplary, punitive, or enhanced damages, including lost profits, lost mining rewards, lost revenue, lost business opportunity, loss of goodwill, downtime, loss of data, pool losses, blockchain-related losses, Hardware damage, facility damage, replacement costs, or warranty denial, whether arising in contract, tort, negligence, strict liability, statute, or otherwise.

14.2 To the maximum extent permitted by law, ePIC's aggregate liability arising out of or relating to this Agreement or the Products shall not exceed the amounts actually paid by you to ePIC for the applicable Product during the three-month period immediately preceding the event giving rise to the claim.

14.3 The limitations in this section apply even if ePIC has been advised of the possibility of such damages and even if a remedy fails of its essential purpose.

15. Customer Indemnity

You shall defend, indemnify, and hold harmless ePIC and its directors, officers, employees, contractors, affiliates, suppliers, and licensors from and against any claims, losses, liabilities, damages, fines, penalties, costs, and expenses, including reasonable legal fees, arising from or related to:

- a. your use or Misuse of the Products;
- b. overclocking, aggressive tuning, or operation outside Operating Conditions;
- c. damage to Hardware, facilities, or third-party property;
- d. voided warranties, rejected warranty claims, or disputes with Hardware manufacturers;
- e. your violation of this Agreement;
- f. your violation of law or third-party rights;
- g. your use of the Products on Hardware you do not have authority to control;
- h. your failure to maintain adequate power, cooling, safety, security, or operational controls; or
- i. your tampering with license, activation, reporting, or dev-fee mechanisms.

16. Term and Termination

16.1 This Agreement begins when you first download, install, flash, activate, access, or use the Products and continues until terminated.

16.2 ePIC may terminate or suspend this Agreement, your license, or your access to the Products immediately if you breach this Agreement, fail to pay applicable fees, circumvent licensing or dev-fee mechanisms, misuse the Products, create safety or security risks, or use the Products in an unauthorized manner.

16.3 Upon termination, you must stop using the Products, uninstall or disable the Products where reasonably practicable, and destroy any unauthorized copies. Sections intended to survive termination shall survive, including ownership, restrictions, fees, disclaimers, limitation of liability, indemnity, confidentiality, governing law, and dispute provisions.

17. Ownership and Intellectual Property

17.1 ePIC and its licensors retain all right, title, and interest in and to the Products, including all software, firmware, source code, object code, algorithms, tuning logic, dashboards, user interfaces, documentation, trade secrets, know-how, trademarks, service marks, logos, and other intellectual property.

17.2 No rights are granted except as expressly stated in this Agreement. All rights not expressly granted are reserved by ePIC.

17.3 You shall not claim ownership of, register, copy, replicate, or commercialize any ePIC intellectual property, product name, firmware logic, dashboard design, tuning methodology, or proprietary functionality.

18. Confidentiality

18.1 Non-public information provided by ePIC, including pricing, roadmaps, technical documentation, beta features, unreleased firmware, performance methods, license mechanisms, security features, and support communications, is ePIC confidential information.

18.2 You shall not disclose ePIC confidential information to any third party except to your employees, contractors, or advisors who need to know such information and are bound by confidentiality obligations at least as protective as this Agreement.

19. Beta, Trial, and Evaluation Features

19.1 ePIC may provide beta, trial, preview, experimental, or evaluation versions of the Products. Such versions may be incomplete, unstable, unsupported, or subject to change.

19.2 Beta, trial, preview, experimental, and evaluation Products are provided “as is,” without any warranty, support commitment, performance commitment, or availability commitment. You use them at your own risk.

20. Export, Sanctions, and Compliance

20.1 You shall not use, export, re-export, transfer, or make available the Products in violation of applicable export control laws, sanctions laws, or trade restrictions.

20.2 You represent that you are not located in, organized under the laws of, or ordinarily resident in a jurisdiction subject to applicable sanctions prohibiting the transaction, and that you are not a restricted or prohibited party under applicable law.

21. Assignment

21.1 You may not assign, transfer, delegate, or sublicense this Agreement or your rights under it without ePIC's prior written consent.

21.2 ePIC may assign this Agreement in connection with a merger, acquisition, corporate reorganization, sale of assets, financing, or transfer of the applicable business line.

22. Governing Law and Disputes

22.1 This Agreement is governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, without regard to conflict-of-law rules.

22.2 The parties submit to the exclusive jurisdiction of the courts located in Toronto, Ontario, unless ePIC elects to seek injunctive or equitable relief in another jurisdiction to protect its intellectual property, confidential information, licensing systems, or security interests.

23. Electronic Acceptance

23.1 You agree that this Agreement may be accepted electronically, including by clicking "I agree," downloading, installing, flashing, activating, accessing, or using the Products.

23.2 Electronic acceptance, electronic records, click-through acceptance, dashboard acceptance, and installation-based acceptance are intended to have legal effect to the maximum extent permitted by applicable law.

24. Entire Agreement

24.1 This Agreement, together with any applicable order form, invoice, quote, written commercial agreement, privacy policy, support terms, or product-specific terms incorporated by reference, constitutes the entire agreement between you and ePIC regarding the Products.

24.2 If there is a conflict between this Agreement and a signed written agreement between you and ePIC, the signed written agreement shall control to the extent of the conflict.

25. Severability

25.1 If any provision of this Agreement is held invalid, illegal, or unenforceable, the remaining provisions will remain in full force and effect.

25.2 The invalid, illegal, or unenforceable provision shall be modified to the minimum extent necessary to make it valid and enforceable, if permitted by law.
